Compliance Corner

The Compliance Corner is focusing on Fort Rucker Environmental News this quarter. Let us know if you would like information about a particular topic, and we will include it in the next Flying Green article.

Sustainable Fort Rucker Website: www.fortrucker-env.com

Please check out the Fort Rucker website for the following updates.

Updated Environmental Plan:

Integrated Pest Management Plan (March 2026)

Updated Work Instruction:

ENV-SW001 Waste Turn-In Procedure (2JUL2026)

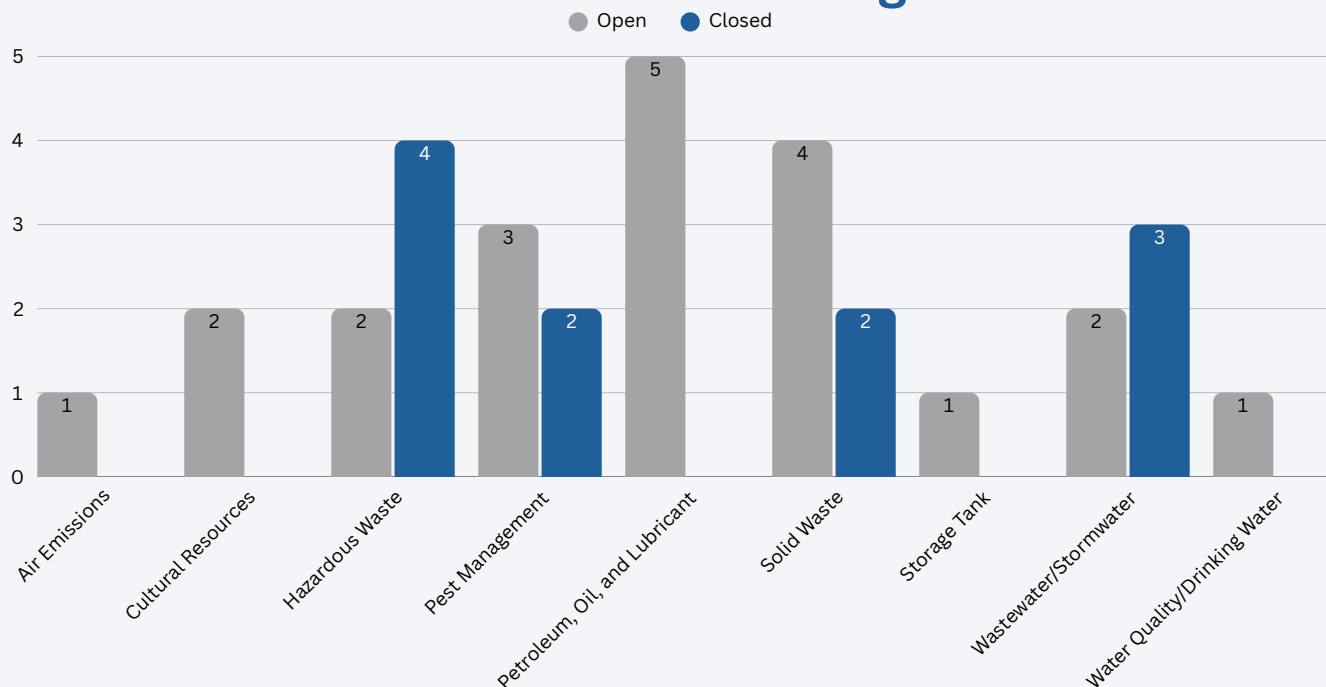

More updates to come!

Verify the latest versions of plans, work instructions, and AVCOE forms online. Review to determine if any changes are applicable to you.

New AVCOE Form:

AVCOE Form 2758: *Containerized Waste Turn-In Form*
*This form replaces the DD Form 1348-1A

FY25 External EPAS Findings Status

Grow Your Space

Office plants do more than just look good. Research shows that adding greenery to workspaces improves indoor air quality, lowers stress levels, and increases daily focus. For an easy environmental win, consider bringing a low-maintenance plant to your workspace to naturally clean the air and boost your daily well-being.

ENVIRONMENTAL IQ

LAST QUESTION: According to the EPA, what is the #1 source of water "waste" in the average American home?

ANSWER: Household Plumbing Leaks (running toilets, leaking showerheads, & dripping faucets)

NEW QUESTION: How long does it typically take for a standard single-use plastic bottle to decompose in a landfill or the ocean?

Check here in the next issue for the IQ answer and a new question to test your environmental knowledge.
