

# FY19 Pre-Internal EPAAS/ Environmental Officer (EO) Team Meeting

8 May 2019

# Internal EPAAS Purpose

- EPAAS Assessments are intended to:
  - Allow the Army to check itself and identify non-compliance with environmental regulations.
  - Provide suggestions for both immediate and long-term corrective actions.
  - Indicate resources needed for implementation.
- This is the first Internal EPAAS since the FY18 External EPAAS, performed on 27-30 November 2017.

# Internal EPAAS Purpose

- EPAAS teams will use USAACE Form 2717, Compliance Inspection Checklist, to inspect a representative sample of organizations currently inspected through our quarterly compliance inspections.

# EPAAS Schedule: 10 June

## TEAM 1

|           |  |              |                  |              |
|-----------|--|--------------|------------------|--------------|
| 0800—0830 | In-Brief   | 1121         | Melissa Lowlavar | 334-255-1653 |
| 0900—1100 | Aviation Center Logistics Command, M1 Cairns (ACLC M1 Cairns ) | See schedule | Bill Hensley     | 334-255-4195 |
| 1100—1200 | Lunch  |              |                  |              |
| 1200—1530 | Aviation Center Logistics Command, M1 Cairns (ACLC M1 Cairns ) | See schedule | Bill Hensley     | 334-255-4195 |

## TEAM 2

|           |  |              |                  |                   |
|-----------|--|--------------|------------------|-------------------|
| 0800—0830 | In-Brief   | 1121         | Melissa Lowlavar | 334-255-1653      |
| 0900—1000 | Aviation Center Logistics Command, M1 Molinelli, (ACLC M1 Molinelli)             | 25645        | Wade Pasquarella | 334-255-5199      |
| 1000—1100 | Directorate of Plans, Training, Mobilization, and Security, Range Ops (DPTMS RO) | 24314        | Mark Raby        | 334-255-4303      |
| 1100—1200 | Lunch  |              |                  |                   |
| 1230—1430 | Aviation Center Logistics Command, M1 (ACLC M1 SHELL)                            | See schedule | Larry Riggs      | 334-255-8669      |
| 1430—1530 | Army Air Force Exchange Service, Snack Bar, Shell (AAFES SNB SHELL)              | 60102        | Apple Olsen      | 334-503-9338 x203 |

## TEAM 3

|           |  |                        |                                 |              |
|-----------|--|------------------------|---------------------------------|--------------|
| 0800—0830 | In-Brief   | 1121                   | Melissa Lowlavar                | 334-255-1653 |
| 0845—1015 | 81st Regional Support Command, Equipment Concentration Site (81 RSC ESC 151) | 25102, 25116           | Joshua Shiver                   | 334-255-9094 |
| 1015—1100 | Aviation Center Logistics Command, M1 Knox (ACLC M1 KNOX)                    | 25161, 25165,<br>25172 | Jack Martin                     | 334-255-6298 |
| 1100—1200 | Lunch  |                        |                                 |              |
| 1200—1300 | Logistics Readiness Center, Hazmat Operations (LRC HMCC)                     | 1315                   | Jason Bridgman<br>Daniel Patton | 334-255-1311 |
| 1300—1430 | Aviation Center Logistics Command, M1 AMSS (ACLC M1 AMSS)                    | 1001                   | Trish Durham                    | 334-255-1284 |

# Top 5 Compliance Inspection Findings

- During the last quarter's Environmental Compliance inspections, numerous findings related to incorrect or missing documentation were noted. The following show the most common findings:
  - Incomplete, outdated, and/or obsolete version of Site Specific Spill Plan (USAACE Form 2719) - annual update required.
  - Expired Environmental Officer (EO) training and Spill Prevention Controls and Countermeasures (SPCC) training - annual requirement.
  - USAACE Form 2711 not completed monthly/weekly for SPCC containers.
  - Training certifications not available.
  - Environmental Officer Appointment Memorandum (USAACE Form 2729) not available.

# Updated Environmental Documents

- Ensure your documents are up-to-date.
  - Note: the following documents have been updated since 1 January

| Document Description   | Date    |
|--|---------|
| USAACE Form 2717 Environmental Compliance Inspection Checklist       | 1Apr19  |
| USAACE Form 2719 Site-Specific Spill Plan                            | 1Jan19  |
| USAACE Form 2725 HWSAA Inspection Checklist                          | 1Jan19  |
| USAACE Form 2733 HWSAA & 90-Day HWCAA Manager Appointment Memo       | 1Apr19  |
| USAACE Form 2735 Hazardous Waste Job Description and Training Record | 1Jan19  |
| ENV-AS002 Asbestos Abatement Procedures                              | 1Apr19  |
| ENV-EM001 Environmental Binders                                      | 1Jan19  |
| ENV-P003 Internal Auditing   | 1Jan19  |
| ENV-SW001 Waste Turn-In Procedure                                    | 1Apr19  |
| ENV-SW002 Used Battery Management                                    | 1Apr19  |
| ENV-SW007 Management of Used Oil and Fuel Filters                    | 1Apr19  |

GC Policy Memo 19-23  
26 April 2019

IMRC-PWE

MEMORANDUM FOR SEE DISTRIBUTION

SUBJECT: Discontinue the Use of Reconditioned Absorbents

1. The purpose of this memorandum is to rescind previous policy on Fort Rucker for the purchase of reconditioned absorbent materials used in maintenance activities, spill cleanup, and other industrial applications. These reconditioned absorbents include rags, wipes, towels, absorbent pads, socks and booms.
2. Sampling conducted on current reconditioned absorbents used by various organizations on the installation found that the products were contaminated with high levels of heavy metals, specifically cadmium. These levels were well above the regulatory limit for hazardous waste disposal. This was the case at most organizations whether the products were laundered or dirty. Due to the potential risks of these contaminants, Fort Rucker will discontinue the use of reconditioned absorbents.
3. All current reconditioned absorbents on the installation must be disposed of as hazardous waste. To do so, please turn in these products to the Hazardous Material Control Center for proper consolidation and disposal.
4. As a path forward, organizations will purchase disposable absorbents including paper or cloth wipes, rags, filters, spill pads, and booms from various vendors. Contaminated absorbents will then be managed as hazardous waste or non-hazardous waste as the waste stream dictates. Refer to the Fort Rucker Hazardous Waste Management Plan and Directorate of Public Works, Environmental and Natural Resources Division (DPW-ENRD) office for specific waste stream analysis.
5. For more details, please contact DPW-ENRD at 334-255-1024 or 334-255-1653.
6. This memorandum supersedes GC Policy Memo 17-23, dated 29 August 2017, and will remain in effect until changed or formally rescinded.

  
BRIAN E. WALSH  
COL, AV  
Garrison Commander
