**RE: ADEM Review and Response: RCRA Facility Investigation Report for Area of Concern-S Revision 2, Fort Rucker, dated February 6, 2012**  
Fort Rucker, Dale County, Alabama  
EPA ID No: AL6 210 020 776

Dear Mrs. Cowart,

The Alabama Department of Environmental Management (ADEM or the Department) has reviewed the RCRA Facility Investigation (RFI) Report for Area of Concern (AOC)-S. Based upon this review, the Department has determined that the Report is complete. The Department requests that Ft. Rucker submit to the Department a Corrective Measures Implementation (CMI) Plan within 120 days of receipt of this letter, in accordance with Section III.E of the Alabama Hazardous Waste Management and Minimization Act (AHWMMA) Permit. Due to off-site migration of contaminated groundwater, Ft. Rucker should continue groundwater monitoring of this contaminant plume to adequately track the boundary during the development of the CMI Work Plan. In addition, Ft. Rucker should provide the Department with documentation that the offsite landowner has been notified of the contamination present on his/her property.

If you have any questions or concerns regarding this matter, please contact Mr. Colin Mitchell of the Governmental Hazardous Waste Branch at 334-271-7967 or via e-mail at [cjmitchell@adem.state.al.us](mailto:cjmitchell@adem.state.al.us).

Sincerely,

A handwritten signature in black ink, appearing to read "Stephen A. Cobb".

Stephen A. Cobb, Chief  
Governmental Hazardous Waste Branch  
Land Division
